Creating a Management Plan for Pine Lake

Over the course of the last few years, the Waushara County Land Conservation and Zoning Department, UW-Stevens Point and UW-Extension with assistance and funding from the WDNR and support of the Waushara County Watershed Lakes Council have been studying Pine Lake. The study looked at the watershed, water quality, shoreline vegetation, aquatic plants, and invasive species.

What should your lake organization do with this information?

How can the County and the State assist you and your lake organization to achieve and maintain your vision for the future of Pine Lake?

Information on the planning sessions and plan drafts can be found at the Waushara County website http://www.co.waushara.wi.us/grants.htm. Information can also be found on the “Waushara County Lakes” Facebook page at http://tinyurl.com/WausharaLakes.

Who’s Involved? YOU!

Your lake experience is important and we want to hear from you!

1. Participate in 4 brief, voluntary surveys (follow up mailings will notify you about these prior to each session)

2. Take the 1st survey by going online to www.surveymonkey.com/s/PineLakeH1

3. Attend the 1st planning session on Tuesday, June 24th at 6:30 p.m. at the Hancock Community Center (420 Jefferson St. Hancock, WI 54943)
