Now that the bike helmets are getting put away for the year, we, the Waushara County Health Department, would like to take this time to say “Thank You” to all the organizations that helped make our bike helmet program a success.

Waushara County Health Department once again provided bike safety information and helmets to the second grade students of Waushara County because of the generous financial support of:

- Fox Valley Safe Kids
- CHN Foundation
- Riverview School PTO
- Pleasant View School PTO
- Redgranite School PTO
- Tri Co Area School PTO
- Wild Rose School PTO
- Coloma School PTO

This program would not be possible without the assistance of the:

- Police Departments of –
  - Coloma
  - Wautoma
  - Redgranite
  - Plainfield

Like us on Facebook or visit our website at www.wausharacountypublichealth.com!
This year over 225 second grade children of Waushara County schools participated in the bike rodeo receiving bike safety information and helmets.

The goal of the bike helmet program in Waushara County is to reduce the risks of head injury by teaching children the importance of wearing a helmet and safe biking habits.

We would like to thank all the parents for their participation by encouraging their children to wear a helmet each and every time they ride a bike.

Thank You!
