August 2005

Dear Friends,

The Waushara County Sheriff's Department has received donations which have been designated for acquiring and training a dog for use in police work. Our intention is to purchase a multi-purpose dog that will be able to detect illegal drugs, assist with search and rescue, as well as providing officer protection. We envision the addition of a canine to our department as another key part of our mission to provide quality law enforcement and safety to our communities.

Purchasing a dog, equipment, and training for both officer & dog is an additional cost that cannot currently be supported within the department's budget. We have received funds in memory of Deputy Mel Sharpless, through department fund raisers and an anonymous donor. In addition, both Sheriff's Department unions have pledged money to support the establishment of a canine program. The Waushara County Crime Stoppers Board of Directors has agreed to oversee the donations and expenditures for this program.

I am trying to achieve four goals:

1. Raise \$15,000.00 by December 2005 to begin the program.
2. Train a canine team during Spring 2006.
3. Have the team on duty by Memorial weekend 2006.
4. Ensure that the canine unit will be sustainable into the future.

Please consider financially supporting the formation of the first Waushara County Sheriff's Department canine unit. It will be a valuable asset to your community by:

- Providing an efficient means to locate hidden illegal drugs.
- Providing a means to locate lost persons.
- Providing the ability to track suspects that run from police.
- Providing a safer community for our children.
- Providing officer safety.

Thank you for your continued support of law enforcement in Waushara County.

Sheriff David R. Peterson
