

Welcome to Waushara County EMS!

My name is Tim Rosin and I am the Director of Waushara County EMS (WCEMS).

We are glad that you have taken the time to visit us online.

WCEMS is a pride-filled Municipal 3rd service ambulance provider. We are owned and operated by Waushara County and the Waushara County Board of Supervisors. Our heritage stems back to the inception of EMS some 30 years ago.

Our service is staffed by full and part-time EMT's and Paramedics. We currently have 23 Paramedics, 25 Intermediate Technicians and 14 EMT Basics. Our coverage area spans 700+ square miles and includes portions of Waushara, Marquette and Adams Counties.

We operate out of 4 stations and staff 4 units on a 24/7 basis. Additionally, we operate a Paramedic Intercept Unit that responds with our ambulances throughout our service area. The Paramedics assigned to those units are highly qualified and trained to potentially function as a single Paramedic on the call.

Whether you are interested in a career with WCEMS or in finding out more about us, I personally invite you to come and visit with us. If you are looking for more specific information regarding any of our many services, please do not hesitate to contact us at (information).

Professionally,

Tim Rosin, Director
Waushara County EMS
