

Document No.

**AFFIDAVIT
Private Onsite Wastewater Treatment System**

This indenture, made by _____ and their successors in interest hereinafter, called "owner", own the following described parcel(s) of land in the State of Wisconsin: (provide legal description or location of property) :

Return to:

Parcel Identification Number (PIN) _____

I (we) further acknowledge that the existing Private Onsite Wastewater Treatment System (POWTS) has either been inspected for compliance with Section 54-66(i) of the Waushara County Utilities Code and SPS 383.03(2) of Wis. Adm. Code, or current records are on file with the Waushara County Zoning Office which document compliance with the same. Based upon these records the POWTS can accommodate the estimated daily waste water flow of up to _____ residents. Therefore, the structure should not be occupied on a regular basis by more than that number of residents. Exceeding this number may result in the hydraulic overloading and premature failure of the POWTS.

This affidavit will become null and void upon the replacement of the existing POWTS with a new code compliant system.
