**Waushara County Important Farmland Soil Classes Map**

- **Prime Farmland**: Those soils that produce the highest yields of food, fiber, feed, and forage crops when managed according to acceptable farming methods.
- **Unique Farmland**: Land other than prime that is used to produce specialty crops such as apple orchards, lettuce, carrots, celery, cauliflower, etc., that require a high management and investment level.
- **Statewide Important Farmland**: Land in addition to prime and unique that is important to the State of Wisconsin for crop production.
- **Local Important Farmland**: Land in addition to prime, unique and statewide that is important to Waushara County for crop production.
